

Meet Maci, Class of 2019

Current student, Maci, is a driven member of the junior class who brings a strategic, focused approach to her roles as a student and as an athlete. Now beginning her third year as a member of the CB Girls' Varsity soccer team, Maci has learned that hard work, consistency, and a positive attitude bring her closer to realizing goals both on the field and off. She's determined to be the first person in her family to graduate from college. Thanks to her diligence and your generosity, she's getting closer to realizing that goal.

When you donate to the Alumni Fund, you create opportunities for kids like Maci. Each year, hundreds of CB students are able to train their efforts on their responsibilities as students and teammates rather than worrying about finances that lay outside their control. They take this CB opportunity seriously, and work with confidence that arises from being included in a caring community that invests in the future.

- Third Year Girls' Varsity Soccer Team
- Trains Year-Round
- Favorite teacher - Dr. Bill Iliff '77
- Loves to draw other students out of their shells
- Applies lessons from the field to her classwork
"practice, confidence, strategy and pacing get you to your goals!"
- Favorite movie – *Ferris Bueller's Day Off*
- Focused On – getting into college with an athletic scholarship
- Has received a verbal offer from University of Idaho, a Division I school.
- Interested in learning more about **Marine Biology**
- **Grateful to all of the alumni who make her CB education possible!** Because of your help and her hard work, she's closer than ever to her goal!

Watch a video featuring Maci and learn more about how your donations to the Alumni Fund make a difference in students' lives at www.cbhs-sacramento.org/support.

I've met so many new people at CB. I've found that we share a lot in common, even though we seem so different. We all struggle, we all have dreams, we all have difficulties and we're all part of the same community.
