

REQUEST TO VISIT A COLLEGE CAMPUS

(Please return this form at least one week before your visit)

Seniors and Juniors are given **2 days** of excused absences and encouraged to visit colleges during the long weekends in October and November (we have several three-day weekends this fall, with either a Monday or Friday off). Most colleges **do** have classes on those days. It is important to make appointments with the admissions office at the college you plan to visit and/or the department of your intended major.

When you return from your visit, please complete the **College Visit Evaluation Form**. If you are requesting a day off school, you must complete **this form as well as** the College Visit Evaluation Form. (If you will miss more than 2 days complete the *Pre-Planned Absence Form* on the CB website).
